CureSearch for Children's Cancer is a 501(c)3 U.S.-based non-profit foundation that accelerates the search for cures for children's cancer by driving innovation, overcoming research barriers and solving the field's most challenging problems. We fight every day to make new, better treatments possible for the 43 children diagnosed with cancer each day.

We do this by:

- Catapulting strong medical research through the research pipeline to advance better, less-toxic children's cancer treatments
- Breaking down barriers and convening the right players to focus on our shared goal: saving kids NOW
- Providing resources and education, so no child faces a cancer diagnosis without a fully-equipped support team

## **SHARE: Dedicated Experienced Support for women facing breast and ovarian cancers**

[www.sharecancersupport.org](http://www.sharecancersupport.org)

For more than 35 years, SHARE has been a key source of information and support for women facing breast and ovarian cancers. By calling our toll-free helplines, people affected by these diseases can get immediate assistance from cancer survivors who are trained to provide support and information, and help callers sort through options and make informed decisions. SHARE offers a Breast Cancer Helpline, an Ovarian Cancer Helpline, a Caregiver Support Helpline and a Spanish-language Helpline. We also offer teleconferencing support for woman living with metastatic breast cancer. Every year, SHARE's Helplines provide immediate help to thousands of callers who need to talk to someone who has been there.
